

Join the largest European wind energy event in 2021

ON & OFFSHORE WIND
AND BEYOND!

Electric City: A unique event that brings the entire wind industry together with players from beyond wind.

Electric City is WindEurope's new on- and offshore event in Copenhagen - specifically designed to put the wind industry at the centre of the energy transition.

Meet all your colleagues from the wind industry and diversify your partnerships with new players from other sectors who want to do business with you.

IN COLLABORATION WITH:

**wind
denmark**

2021 marks a new era of wind energy events. Come to Electric City and be part of it.

**60%
SOLD OUT**

	MEMBER RATE	NON-MEMBER RATE
