a speaker's slot

With so much to see and do, visitors' time at the event is precious. The Speakers' Corner gives exhibitors the opportunity to catch visitors' attention with a short and snappy presentation.

Brief descriptions of the presentations will be available online before the event, so visitors can find what they're interested in before the event and plan ahead. The presentations in the Speakers' Corner will also be a great way to find interesting exhibitors on the expo floor!

LOCATION

Speakers'
CORNER

The Speakers' Corner will be located on the exhibition floor in **Hall D**, and open to all visitors.
