General Overview

OW Offshore Wind Farms

**UK**
- **Moray East**
  - Capacity: 950 MW
  - Status: Operation
- **Moray West**
  - Capacity: 882 MW
  - Status: Development
- **Caledonia**
  - Capacity: 1 GW
  - Status: Development

**US**
- **Mayflower**
  - Capacity: 2.26 GW
  - Status: Development
- **Central Bight**
  - Capacity: 1.68 GW
  - Status: Development

**Belgium**
- **Seamade**
  - Capacity: 487 MW
  - Status: Operation

**Poland**
- **BC Wind**
  - Capacity: 399 MW
  - Status: Development

**South Korea**
- **Korea Floating Wind (floating)**
  - Capacity: 1.3 GW
  - Status: Development
- **Hanbando**
  - Capacity: 1.24 GW
  - Status: Development

**France**
- **Tréport & Noirmoutier**
  - Capacity: 992 MW
  - Status: Development
- **EFGL (floating)**
  - Capacity: 30 MW
  - Status: Construction

**Portugal**
- **Windfloat Atlantic (floating)**
  - Capacity: 25 MW
  - Status: Operation

**OW Offshore Wind Farms**

- **1.5 GW**
  - Operation
- **0.03 GW**
  - Under Construction
- **9.7 GW**
  - In Development
- **11.2 GW**
  - Total Gross Capacity
The company

**Sustainable**
A company made by the wind, empowered by its clean and endless wind energy. An energy we believe will lead us to a better world, a carbon neutral world. Whatever wind energy we put into the universe, it returns to us.

**Flexible**
Wind makes us search and adapt to its most powerful forces. A nimble and unique team evolving with the surrounding environment. A flowing wind energy with the ability to anticipate and imagine new solutions for our stakeholders.

**Creative**
Wind Energy does not happen by itself, we must make it happen. This is also true of the story we build every day. Innovating from limitless resources and inspiration to encourage the world into wind energy transition. A story of progress and creativeness in which everything is possible if we imagine it.

**Human**
Ocean Winds energy is also made of the human relations and inspiration that pushes us forward to a common goal. Building exciting relations with inspiration energy among our team, partners and stakeholders.

---

**Mission, Vision and Values**
To make offshore wind one of the main sources of renewable energy by delivering more efficient and sustainable wind energy solutions.

**Our aim is to deliver more efficient and sustainable energy. To achieve our goals we need dynamic people who are ready for challenges.**

---

**OW In Numbers**

OW has a strategic advantage and is well-positioned to play a leading role in the offshore market.

OW have a clear investment framework and ambitious growth targets (Gross GWs)

- OW Creation 2020
  - 1.5 GW
  - Under construction /Operational

- Target 2025
  - 5-7 GW
  - Under advanced development

---

**Our Growth Target**

- Top-5 Offshore Wind Developers
- 7 Secured markets
- 9 New potential geographies identified
