

GENERAL INFORMATION

VENUE

- Bella Center**

Center Boulevard 5
DK – 2300 Copenhagen S
Denmark

HOW TO GET THERE

- By taxi: Bella Center is just a 10-minute taxi drive from Copenhagen Airport and it costs approximately DKK 200-250 (app. €27 - 35).
- By public transport: Bus line 30 runs between Vesterport Station (via the central station) and Bella Center. Bus line 4A runs from Svanemøllen Station to Sundbyvester Plads via Valby Station and Sjælør Station.
The metro line M1 runs between Vanløse and Vestamager (West Amager).

GENERAL INFORMATION

VENUE ACCESS

PARKING / ACCESS DURING THE BUILD UP / BREAK DOWN

- Regular cars and small vans can park on P1 and in the 2 car parks – please see the plan below. To park in on of the parking sides, you will need to download the special app. The parking spaces are managed by APCOA
- Parking website info: <https://www.apcoa.dk/en/find-a-parking-spot/locations/koebenhavn-s/bellakvarter-terraen>
- There is no free parking offered to exhibitors.
- **There is no parking space for trucks close to the venue.**
- Directions and instructions given by staff of BC Traffic Management should be strictly obeyed.
- **All vehicles of 8.00M and longer must be unloaded/reloaded by CEVA Logistics**
- Only CEVA Logistics can use forklifts in the hall, so if you have booked lifting or require lifting from your vehicle into the hall, please check- in to the CEVA Logistics site office, which is in hall B. Neither the organiser nor Bella Centre can sign on behalf of any exhibitors or take responsibility for any items of post.
- [PARKING / UNLOADING PLAN](#)
- **Access during the build up / break down:**
- Access to the halls is limited to people of 16 years and older.
- Build-up and breakdown wristbands will be issued from the exhibition operations office located in the registration area in entrance 6, providing all compulsory forms have been submitted.
- In order to guarantee a safe working environment, during build-up and breakdown days, Health & Safety Floor Managers will be performing regular checks to make sure that exhibitors and contractors are in compliance with event safety regulations.
- All personnel entering the halls will be required to wear and be in possession of suitable footwear and a hi-visibility vest during build-up days and breakdown.

LOADING / UNLOADING / DELIVER OF GOODS

- **Vehicle access and time slots**
- For WindEurope 2027, CEVA, as official freight forwarder, together with DSV as on-site logistics partner at Bella Center Copenhagen, is moving the vehicle booking procedure to a digital platform. The principle is the same as before — all vehicle movements are coordinated and allocated in advance — but from the start of build-up in April 2027 registration and slot booking take place online only.
- What this means for exhibitors and their contractors:
- **All vehicles must as a minimum be registered.** Vehicles delivering to or collecting from a stand must in addition hold a booked time slot. **This applies to all vehicle types, including vans and own transport.**
- Slots are requested through an online booking site. The confirmed booking serves as your access documentation: **vehicles without a valid slot cannot be admitted to the loading areas.**
- Vehicles must arrive within their allocated slot and not before. Arriving early does not give earlier access to the venue.
- Exhibitors are responsible for passing the slot details and arrival instructions on to their stand contractor and to the driver of each vehicle.
- [The booking site opens approximately four weeks before the first build-up day.](#)
- All exhibitors will then receive full instructions, covering how to request a slot, the documentation required on arrival, booking deadlines and a Q&A with the most common questions.
- No action is needed before then. We simply ask that you allow for the time slot requirement in your planning and brief your stand contractor and freight forwarder at an early stage. Questions on shipping and vehicle bookings go to CEVA as official freight forwarder.
