

JOIN THE WINDEUROPE CAREERS HUB

The WindEurope Careers Hub is a European platform designed to help students, jobseekers, career changers and professionals from adjacent industries discover career opportunities in the wind sector.

By participating, your company can increase its visibility among future talent and showcase the opportunities available within your organisation

WHY PARTICIPATE?

01 Increase your visibility

Your company will be featured on the Meet the Companies page, alongside other organisations from across the wind energy value chain. This helps visitors understand who you are, what you do, and where they can find opportunities within your organisation.

02 Promote your opportunities.

Through the Opportunities in Focus section, companies can highlight specific opportunities. Opportunities are featured according to a monthly content plan, helping keep the platform fresh and relevant throughout the year.

03 Reach future wind professionals

Helping your company reach audiences who may not yet be familiar with careers in wind.

What do we need from you?

COMPANY PROFILE

To feature your company on the Meet the Companies page, we ask for:

Company name
Company description
Company logo
Link to your careers page

OPPORTUNITY IN FOCUS

To promote an opportunity, we ask for:

Opportunity title
Opportunity description
Opportunity webpage link
Timeline

Wind
EUROPE
