

Harmonising health and safety standards for a stronger European wind energy industry

AGENDA

Friday 13 March 2020

Sheraton Charles de Gaulle Airport Hotel & Conference Centre, Room Satellite 8
Terminal 2E, BP 35051, Tremblay en France, France ([directions here](#))

This workshop will validate the topics for potential harmonisation based on the expected health and safety improvements, cost reductions and overall efficiency for the wind industry. It will also identify intervention for each of the health and safety topics, which may include harmonisation or standardisation at the European level. The results will feed into the European Commission's future priorities for health and safety in the wind sector.

09:00 – 09:30	Welcome coffee and registration
09:30 – 10:00	Wind Harmony project update Jan Benjamin SPITZLEY, eclareon, Dorina IUGA, WindEurope
10:00 – 13:00	<p>Shaping the future of health and safety in the European wind industry Chris STREATFEILD and Ed MAXWELL, RCG</p> <p><i>This is an interactive session. Join an expert group of developers, manufacturers, training providers, regulators and other industry experts to shape our future. We ask you to contribute and share your views on key health and safety issues which the industry faces (onshore and offshore), and to identify potential solutions. We will send detailed information and materials one week prior to the workshop.</i></p> <p>Roundtable discussion on:</p> <p>11.15 – Coffee break</p> <ul style="list-style-type: none"> ➤ Part 1 – Validation of health and safety priority topics, likely to include: <ul style="list-style-type: none"> • Emergency planning and response, • Design risk management, • Dropped/falling objects, • Design standards for Wind Turbine Generators(WTGs), • Contractor management, • Electrical safety, • Training standards and workforce competence. ➤ Part 2 - Identifying solutions and agree on possible intervention for each of the topics
13.00 – 13.30	Lunch
13.30 – 15.00	<p>Shaping the future of health and safety in the European wind industry (continued)</p> <ul style="list-style-type: none"> ➤ Continuation of Part 2 - Identifying solutions and agree on possible intervention for each of the topics
